

Growing Up Human Eugenics in the 21st C

A Lecture by Andrew Linnell

If you knew you would pass on a defective gene to your child causing him or her a life of suffering, what would you do?

- Consider being sterilized and then adopting?
- Alter or replace the defective gene with a healthy one?

Medical miracles are at our doorstep. Will they alter what it means to be Human? In the Age of the Consciousness Soul our social, ethical, and moral choices will be challenged.
