ASKING THE RIGHT QUESTION

- “Are you better off now than you were four years ago?”
 - Ronald Reagan, Apr 12, 2011, during his successful 1980 presidential campaign
- Will you be better off than your parents?
- What is “better off”?
- **Better or Just Different?**

WILL AI/ROBOTICS TAKE OVER?

- Response: Fear

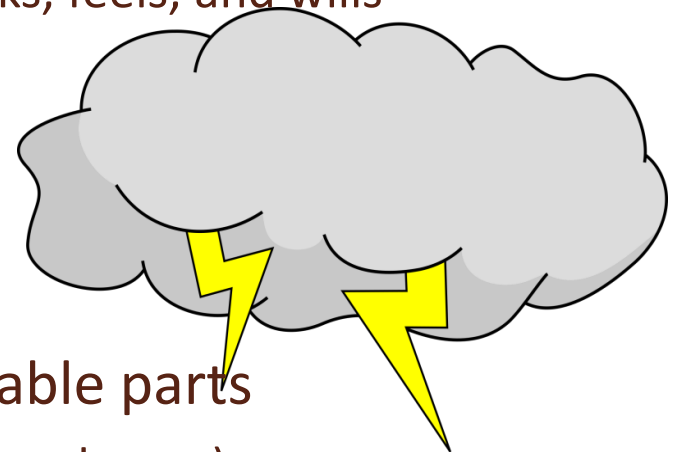

OR WILL WE MERGE WITH MACHINES?

- Response: Ugly, awful
- I wouldn't want to incarnate into *that*!
- Has it already begun?
- What of us *might* merge?

WHAT IS THE HUMAN BEING?

- If only a physical body, then we are doomed!
 - Head, trunk, limbs: a being that thinks, feels, and wills
- Maybe we are “mind”
 - Upload to the cloud
 - Upload what?
 - Are we only our minds?
- Replace all bio-parts with replaceable parts
 - Bio-body is frail (we humans can create better)
 - Bio-system (nature) will eventually collapse
 - Go to another planet?
 - Are we part of Earth (and all of Nature part of us)?

IMPACT OF MACHINES IN EVOLUTION

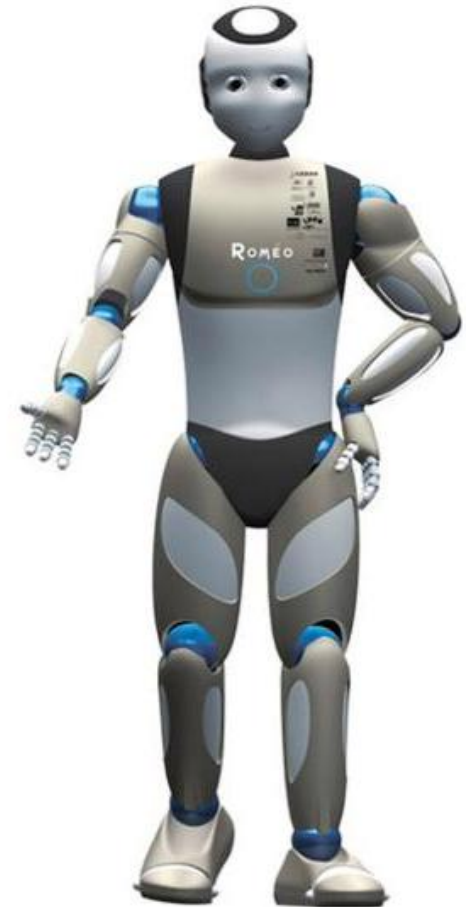

- Manmade World
 - Inorganic – 200+ new minerals
 - It is our creation (devices everywhere)
 - Our ideas, inventiveness embodied
 - Have become ***second nature*** to us
 - Cars, drone-delivery, planter/weeders
- Emancipation (from what?)
 - Labor! Nature!
- Job Losses (not full jobs, but high % of existing tasks)
 - 75% to 90% of existing tasks will be done by robots by 2044
 - Freed from grunt work
 - What will people do?
 - Minimal income?

[Anthropocene Era](#)

THE FUTURE OF HUMANOIDS

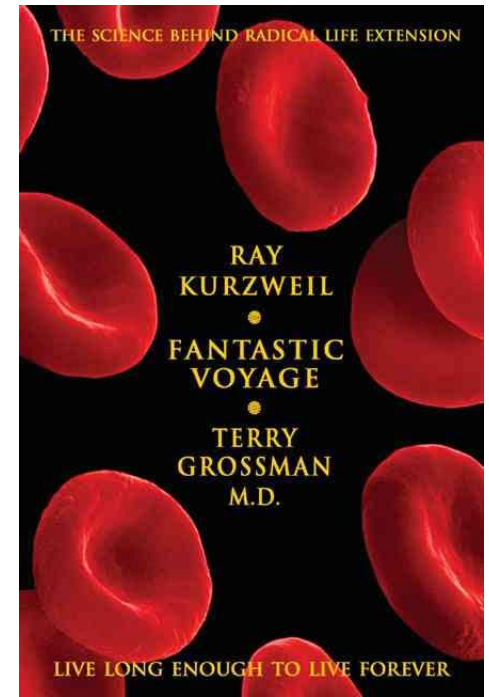

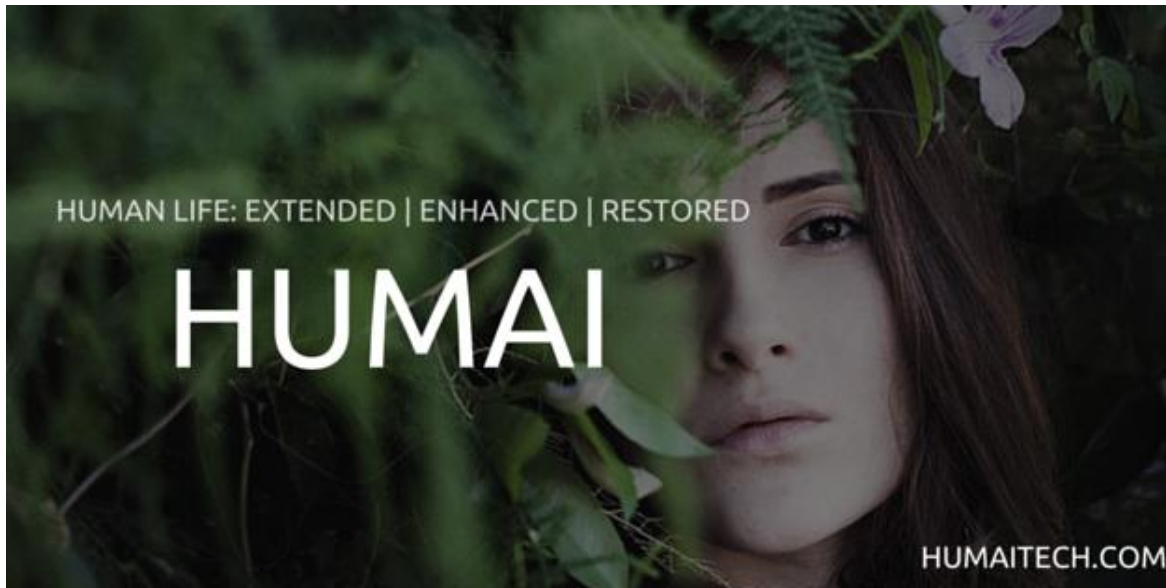

- Artificial skin
- Artificial warmth
- Artificial “insides”, emotions
- AI becomes Artificial Soul
- Merging: metal skeleton
 - ‘Human’ muscles, tendons, and skin grown for robot
- New “Soul” mates
 - Lovers
 - Children
 - Eldercare

EMANCIPATION FROM DEATH

- “Live long enough to live forever” (Ray Kurzweil)
- Store your mind until a forever-body is ready

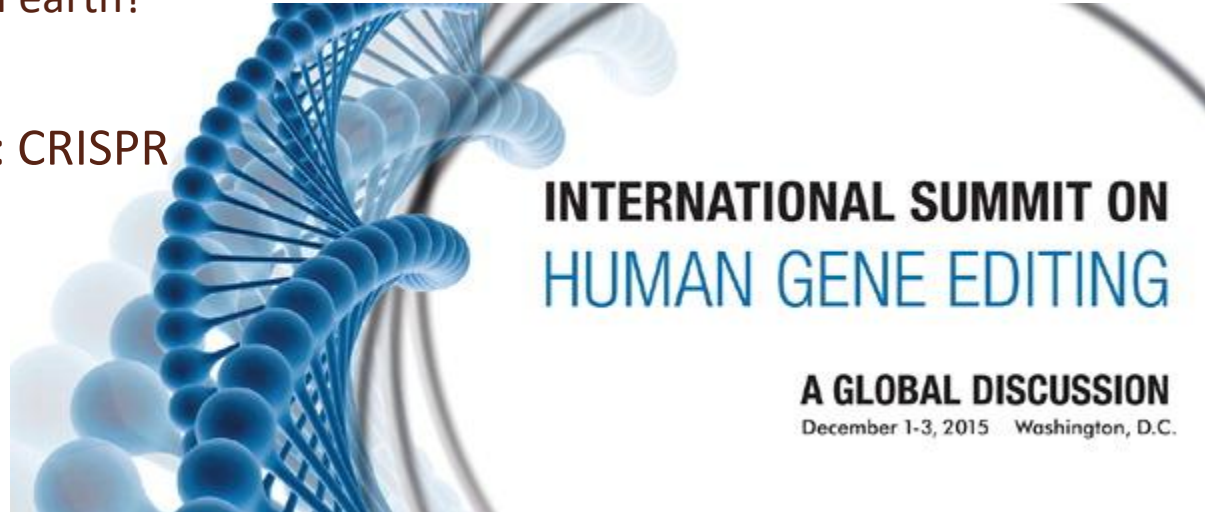

EMANCIPATION FROM BIRTH

- Infertility
- IVF
- 3-Parents
 - Use the best
- CRISPR
 - Edit for best
 - Rid the worst
- Synthetic
 - Stem cells
 - Ready made adult

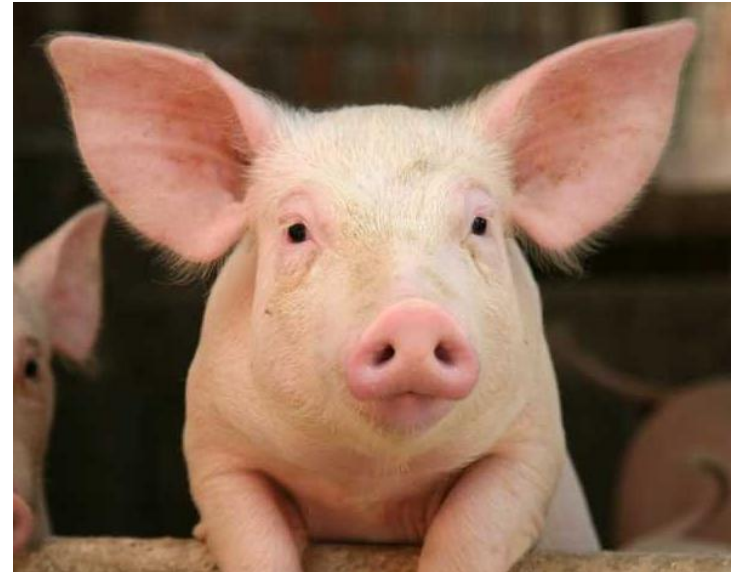

MEDICAL ARTS – NEW ILLNESSES

- Lack of Movement
- Too much Screentime
- Emancipate ourselves from Death?
 - Upload one's mind into the cloud
 - Biblical about Christ coming again in the cloud
 - Heaven on earth?
 - Anti-aging
 - Gene Editing: CRISPR

NEW ILLNESSES

- Lifestyle Emancipation
 - Your ‘freedom’ to enjoy any
 - Consequences? Don’t worry
 - Human body as machine
 - Annual ‘tune-up’
 - Parts replacement
 - Growing human organs in GMO pigs
- History
 - In 1492, Pope Innocent VIII died after blood transfusions from three healthy boys whose youth he believed he could absorb
 - In 1868 America, Kentucky politician Leonard Jones ran for the U.S. presidency on the platform that he’d achieved immortality through prayer and fasting—and, as president, he could give his secrets to the public – later that year, he died of pneumonia

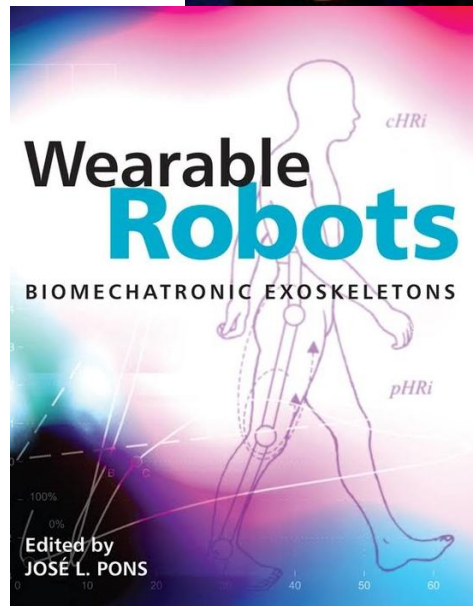

EDUCATION

- How do we teach?
 - Same methods –
 - Same results?
- Bring fun into learning
 - Entertainment – is it a right?
 - “I just want to be happy” – well, what makes you happy?
 - Consume happiness?
- Individualized, customized teaching - by robots
- Reduce the cost of education
 - Salaries, busing, buildings, insurance ...
 - Lower taxes
- Control what is taught

WHAT CAN WE FALL IN LOVE WITH?

A person with:

- Bionic finger?
- Bionic arm?
- Bionic arm & a leg?
- Transplanted face ?
- Can we love a person
 - With a pace maker?

Kingdom	Body	Element	Comment
Human	Ego, I-Am	Fire	Moral/immoral will is present, knows that it knows
Animal	Astral	Air	Inner life, sentience, desires, instincts
Plant	Life/etheric	Water	Livingness, metamorphosis, procreation, memory
Mineral	Physical	Earth	Only visible component, lifeless matter

1. Awake - Sleep
2. Alive - Dead
3. How does this play into evolution of consciousness?

WHAT ARE WE COMPOSED OF?

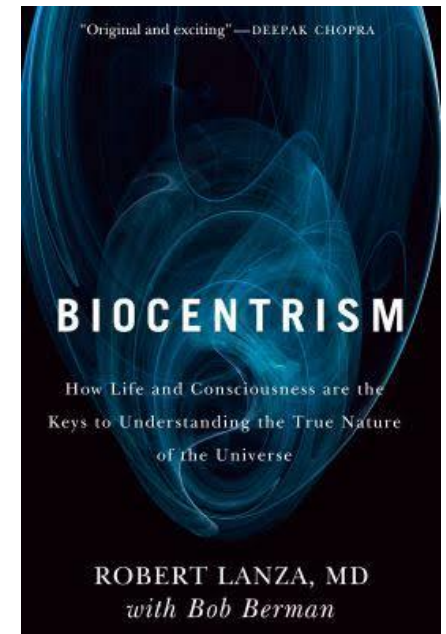

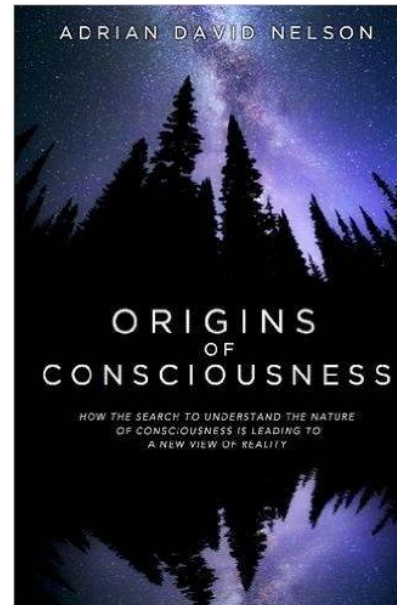

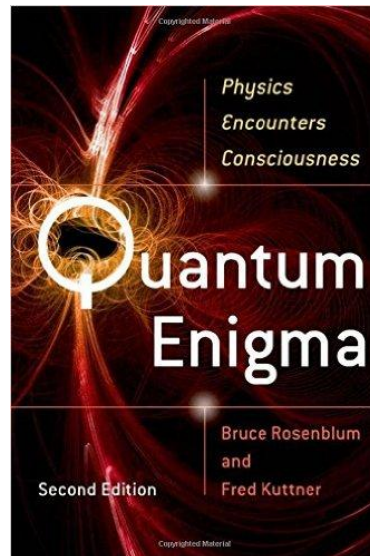

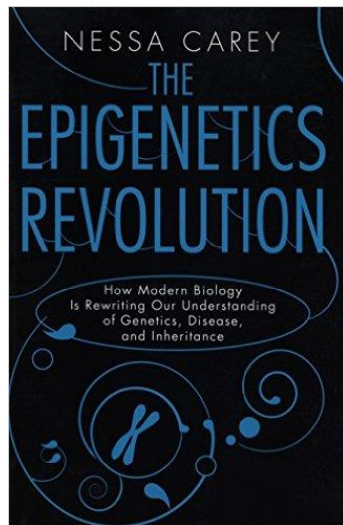

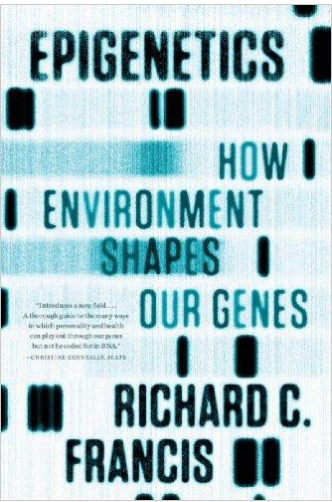

WHO DECIDES?

- The What
 - Sure to come
- The How
 - Our freedom
- The Who
 - You?

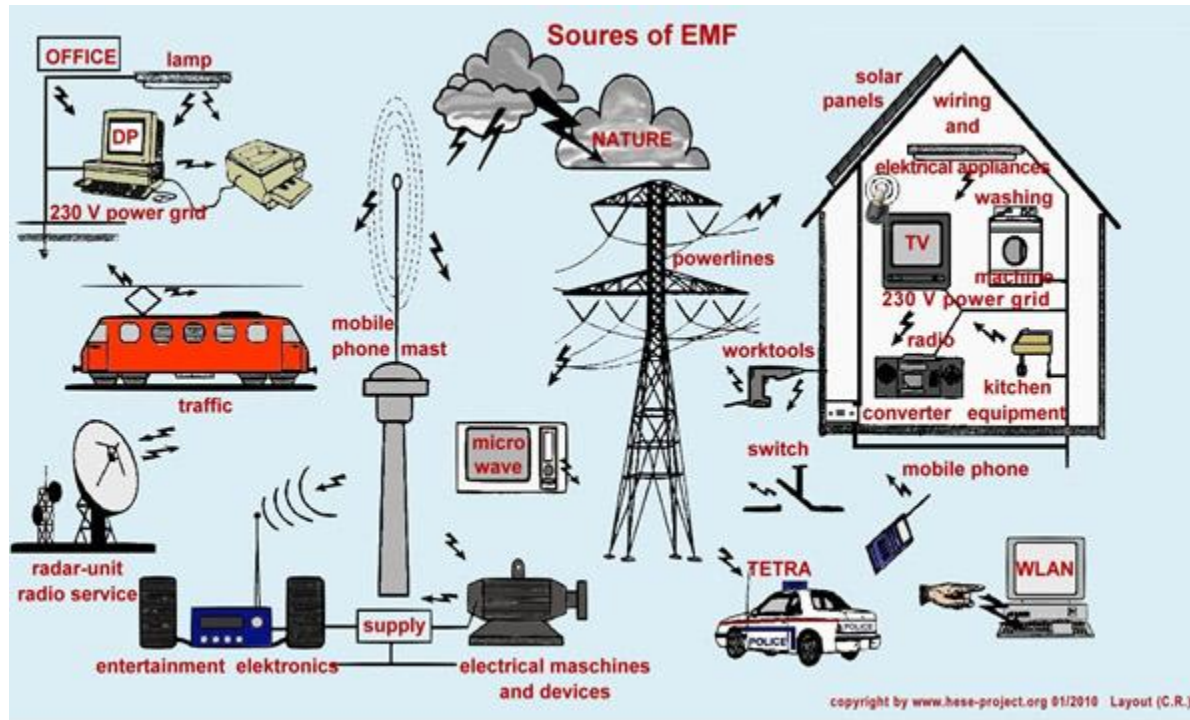

FORCED TO MAKE A CONSCIOUS CHOICE

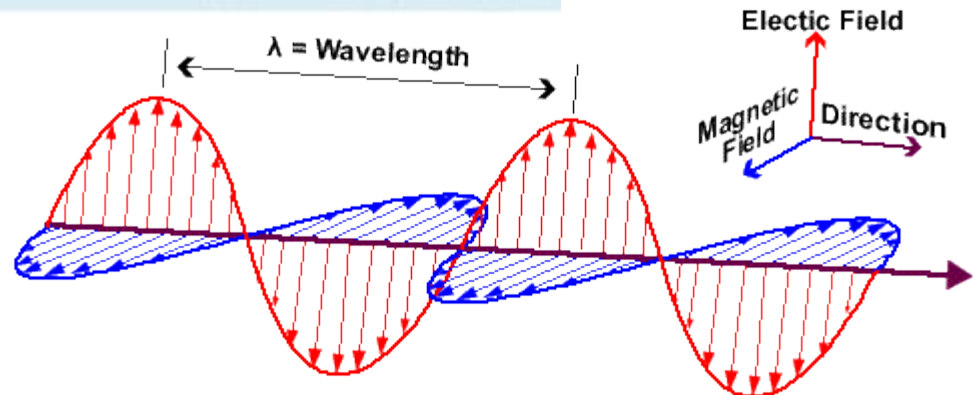

- From where will come wisdom?
- Science (today) can only tell us about the physical
 - Is it science or engineering?
- But we already know that there is more
 - Quantum physics encounters consciousness
 - Epigenetics

ELECTRO-MAGNETIC RADIATION

- Everywhere
- Lyme Disease
- Sleep

RECOMMENDATIONS

1. Know your home's EMR and its sources
 - iPhone [app](#) (Fallen Angel Creations)
2. Shut down at night (turn off power esp. WiFi)
 - And at dinner, make it engaging, sacred
3. Eyes: Place screen near window – look outside often
 - 20-20-20 rule
 - Go everyday, same time, for a long walk, 10K steps/day
4. Movement: Get up twice per hour – get tea, go chat
 - Stand, don't sit for more than 5 hours per day
5. Cell and cordless phones – keep away, use speaker mode, ECO
6. Smart meters - avoid
